Climbing through the Jordan Valley

All of the words in this puzzle are names of men mentioned in the Old Testament. The last letter of each name is the same as the first letter of the next name. Most of these men lived in or near the Jordan Valley and probably climbed the cliffs and hills and scrambled over the rocks on the valley floor.

Here's help with the first two names: ArDan. Now you're on your own. See how many names you can fill in on page 25 without looking up the Bible reference.
