

Let's practice the Golden Rule.

The Golden Rule is doing for others as we would have them do for us. If our pet was lost, wouldn't we want help finding him?

Let's help Susie (crying at the top of the maze) find her puppy (bottom right corner of the maze). He went looking for Susie when she went to school, and now he is lost.

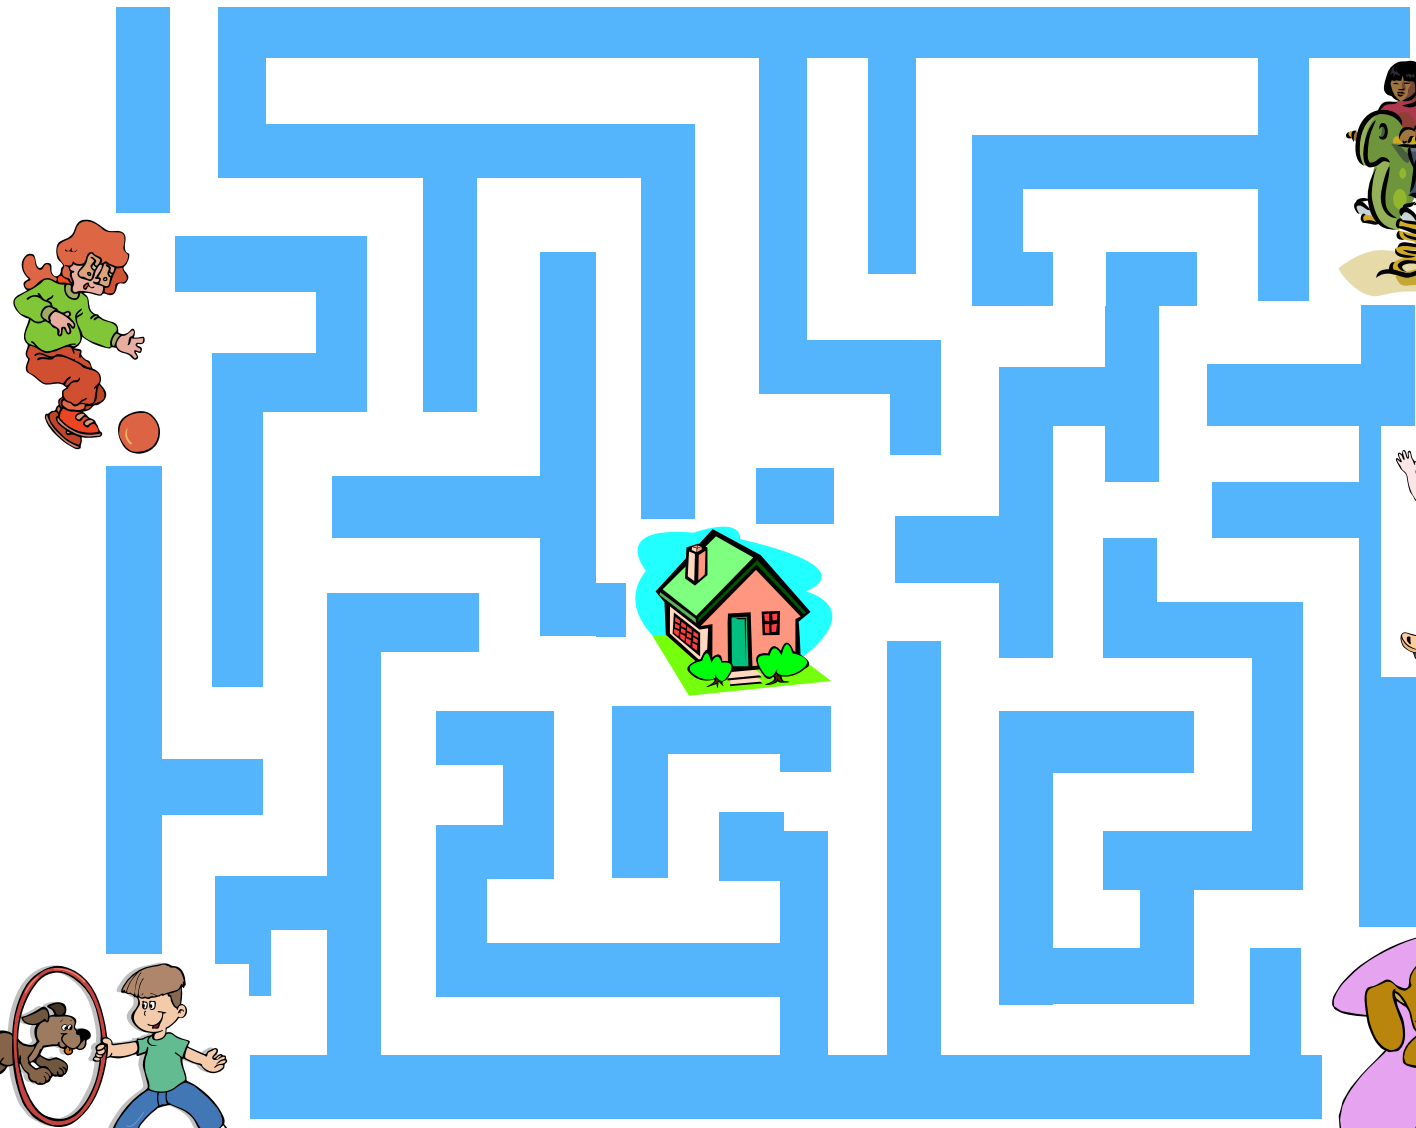

Susie lives in the center house. Bring Susie and her puppy safely home.
