

# Sheep Search

## (Younger Children)

Jesus once told a parable of a shepherd who had 100 sheep. One day, one of those sheep went missing. The shepherd searched and searched for that one little sheep until he found it.

Cut along the dotted lines. (Have an adult help you if you need help.) Flip each and every tile so the animal side is down and the blank side is up. Then mix up the tiles and scatter them on a table. One at a time, flip each square over. If the tile is not a picture of the sheep, put it back with the animal side down. Take turns flipping tiles if you're playing with a friend. Help the shepherd find his lost sheep.
